Meet-the-School (MTS)

The school organizes "Meet-the-School" (MTS) session for all levels in January. The session aims to provide parents with an overview of key school programmes so that you could support your child/ward in making an informed decision together. The school also set aside arranged interaction time in the session for parents to interact with the Form Teachers as well as our school Key Personnel.

These are the materials that were shared with parents during the school's 2019 MTS.
