# Home-Based Learning (HBL)

- In line with the nation-wide National Digital Literacy Programme (NDLP), Blended Learning (BL) will be a key feature of the schooling experience for all students. Through BL, the school aims to develop students' ability to be self-directed, passionate and life-long learners.
- To achieve this, regularly scheduled Home-Based Learning (HBL) days will be used to complement school-based teaching and learning.
- Students' learning during HBL Days will be supported by all secondary students owning a personal learning device (PLD).

# Home-Based Learning (HBL) Days in Term 1

- Home-Based Learning (HBL) days in Term 1:  
24 Jan, 10 Feb and 25 Feb
- On HBL days, all students will participate in both online and offline learning from home and are not required to report to school. However, the school will be open to students who require additional support. The HBL timetable and instructions will be conveyed to students prior to HBL days.
